

Directions to UCSC Economics Department

Take Highway 17 south to Santa Cruz. It will merge with Highway 1, follow Highway 1 north to Half Moon Bay. You will go through one signal, then across railroad tracks. Stay in the far right turn lane. Turn right at the next signal (Mission Street and Highway 1 north to Half Moon Bay). You will travel approximate 1/2 block and make an immediate right on Highland. Continue two blocks to High St. and turn left on High. Continue on High to the second signal (on High St. you will encounter one stop sign then two signal lights). The second signal is Bay St. and the entrance to the University is on your right. Turn right at the signal of Bay and High Streets and proceed on the main campus road (Coolidge Dr. which turns into McLaughlin at the sweeping curve).

Pick up your parking permit at the kiosk on your right as you enter campus.** Without turning, follow the wide sweeping curve to the left. Continue to go straight, and turn right at the fifth stop sign at Heller Dr. Turn right again 100 meters down the road at the first driveway, and then an immediate left up the hill. You will now pass our building, Engineering 2. For the closest spaces to our building follow the driveway around to the back of Engineering 2. You may park in any 'A,' 'B,' or 'C' space. ***Please note: There is a considerable amount of construction taking place on campus. Unfortunately, this has impacted parking near our building. If you cannot locate a parking space in our lot you can try the parking garage. To get to the parking garage, return to the main road (Heller Dr.), and go left, back the way you came. When you get to the stop sign 100 meters down (where you turned right on the way in), go straight, and then left into the parking garage 20 meters later.

The main office for the Economics Department is on the fourth floor of the Engineering 2 building, Room 401.
