

Directions to UCSC from Stanford

The most expeditious route seems to be to take 280 South to 85 South to Highway 17.

Take Highway 17 south to Santa Cruz. It will merge with Highway 1, follow Highway 1 north to Half Moon Bay. You will go through one signal, then across railroad tracks. Stay in the far right turn lane. Turn right at the next signal (Mission Street and Highway 1 north to Half Moon Bay). You will travel approximate 1/2 block and make an immediate right on Highland. Continue two blocks to High St. and turn left on High. Continue on High to the second signal (on High St. you will encounter one stop sign then two signal lights). The second signal is Bay St. and the entrance to the University is on your right. Turn right at the signal of Bay and High Streets and proceed on the main campus road (Coolidge Dr. which turns into McLaughlin at the sweeping curve). ***Pick your permit up at the kiosk on your right as you enter campus.** Without turning, follow the wide sweeping curve to the left. After you have traveled through the second stop sign, watch for the second right (marked as College Ten, Social Sciences II). Turn right, there are several parking areas along here. For the closest spaces to our building (Social Sciences I) follow the driveway around to the back of Social Sciences II. **Please note:** There is a considerable amount of construction taking place on campus. Unfortunately, this has impacted parking near our building. If you cannot locate a parking space in the Social Sciences I and II parking lot you can try the parking lot at Crown College. To get to the Crown College parking lot return to the main road (McLaughlin), turn right onto McLaughlin, at the stop sign turn left on to Chinquapin. Park in any of the parking lots.

The main office for the Economics Department is on the second floor of the Social Sciences I, room 217, which is where you may pick up your parking permit.
